

Celebrate dot day with Autism Explorers!

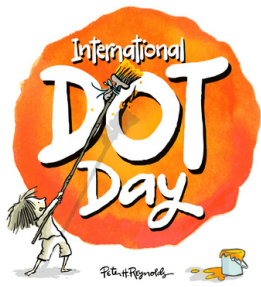

What is International Dot Day?

The event is inspired by the award-winning children's book *The Dot* by Peter H. Reynolds. The story follows a doubting student named Vashti who believes she cannot draw. Her teacher encourages her to just make a mark and see where it takes her. Vashti pokes a piece of paper with an angry dot, which leads her on an amazing journey of self-discovery, confidence, and artistic bravery. Teacher Terry Shay introduced the book to his classroom on September 15, 2009, sparking a movement that spread worldwide. It encourages students, teachers, and adults of all ages to unlock their potential, be brave, and "make their mark" on the world.

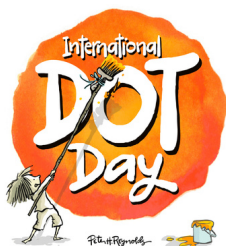

How can you take part?

Autism Explorers is bringing you resources inspired by International Dot Day that you can use with your explorers at home.

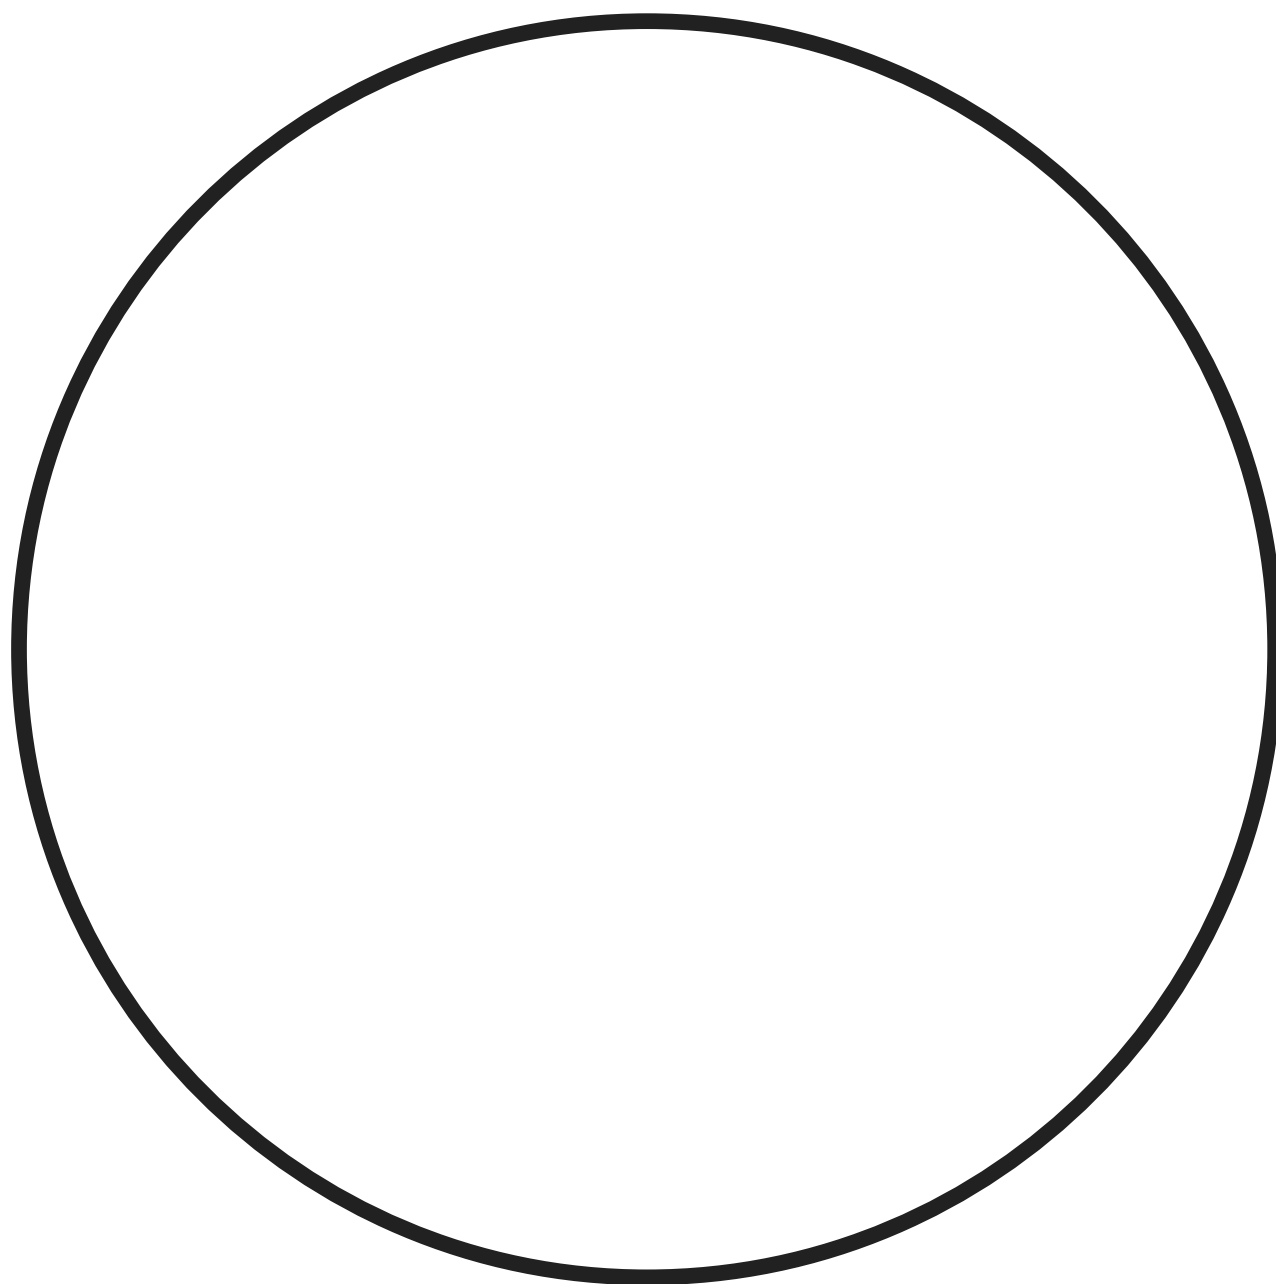

These will be downloadable for free on the Autism Explorers Website, along with information all about Dot Day and Peter H Reynolds.

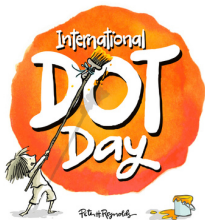

Every year Peter H Reynolds brings new resources tailored to classrooms, at home learning and much more!

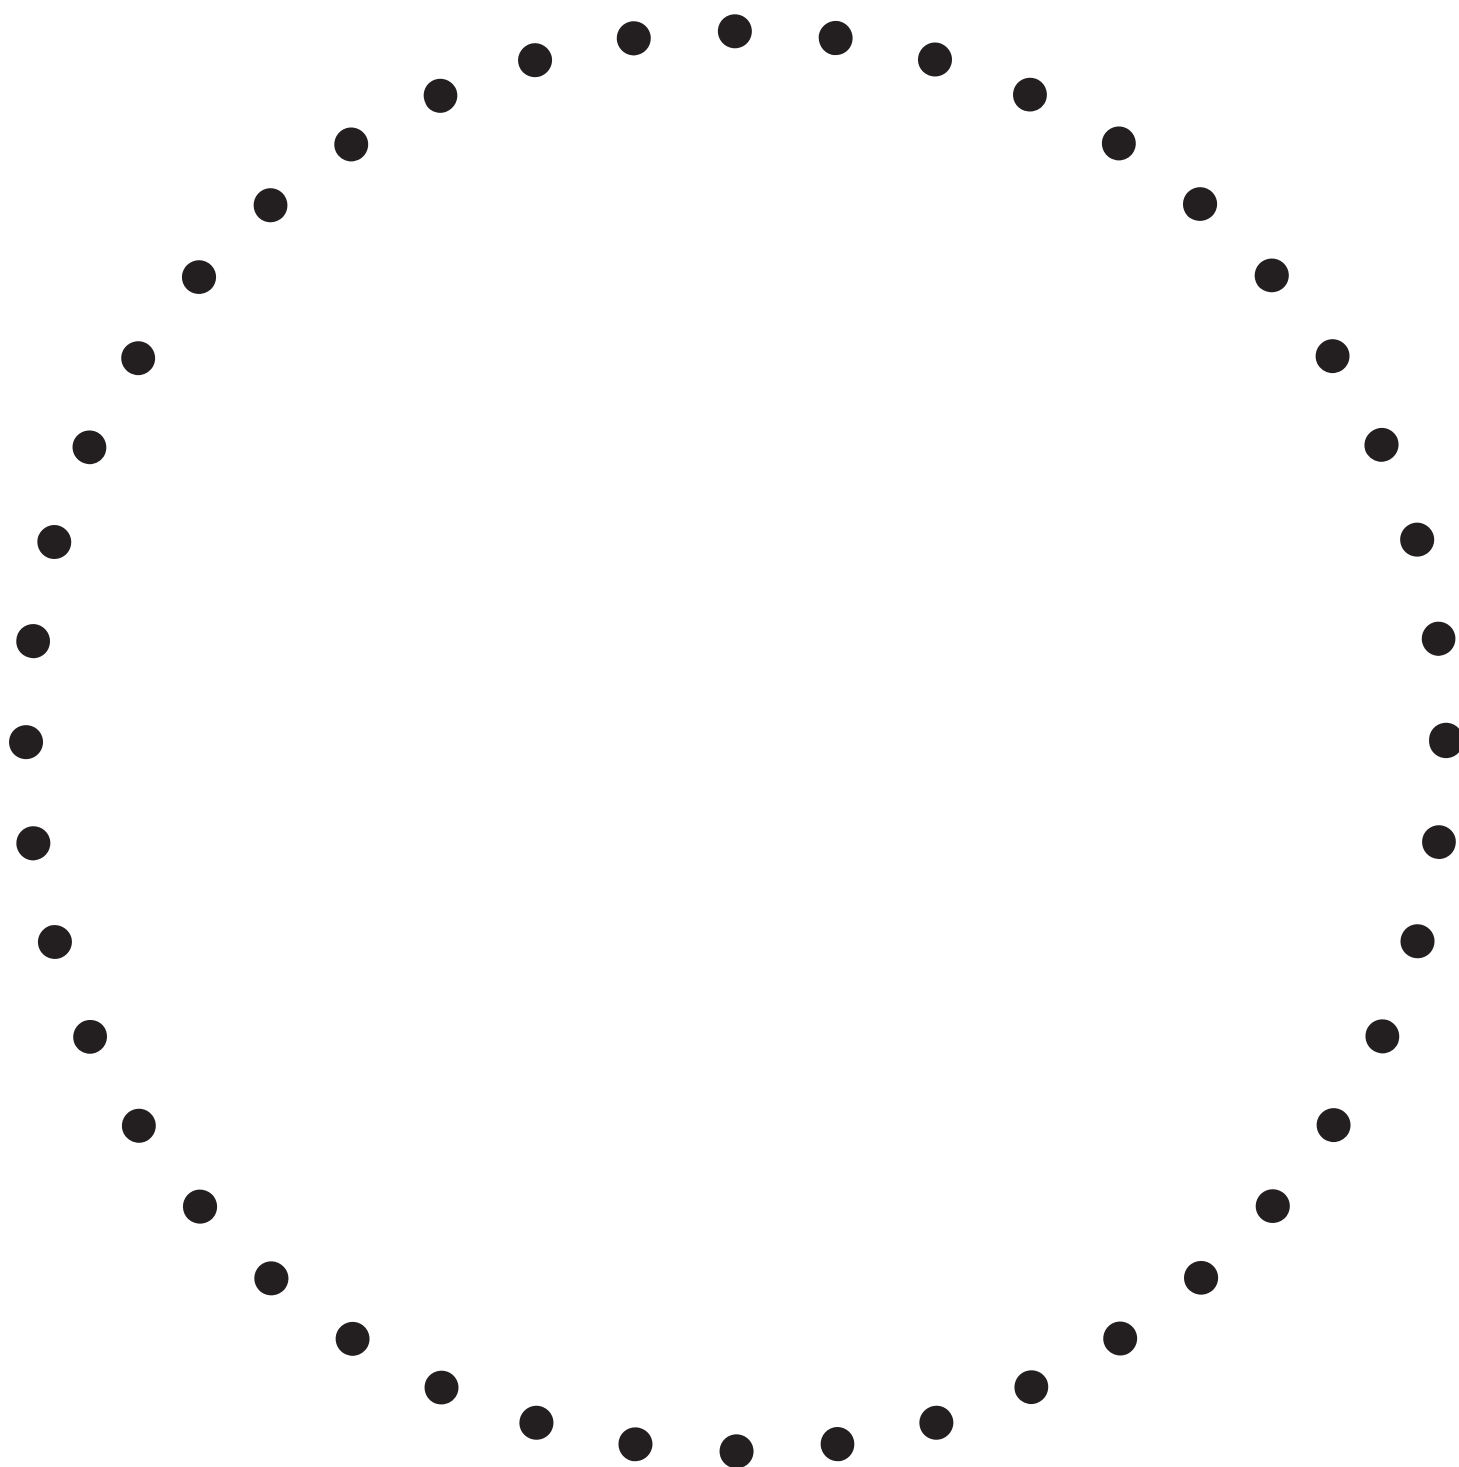

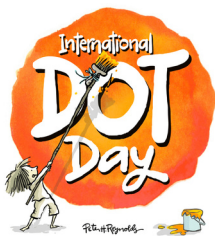

**Think outside of the box, what
could this dot be?**

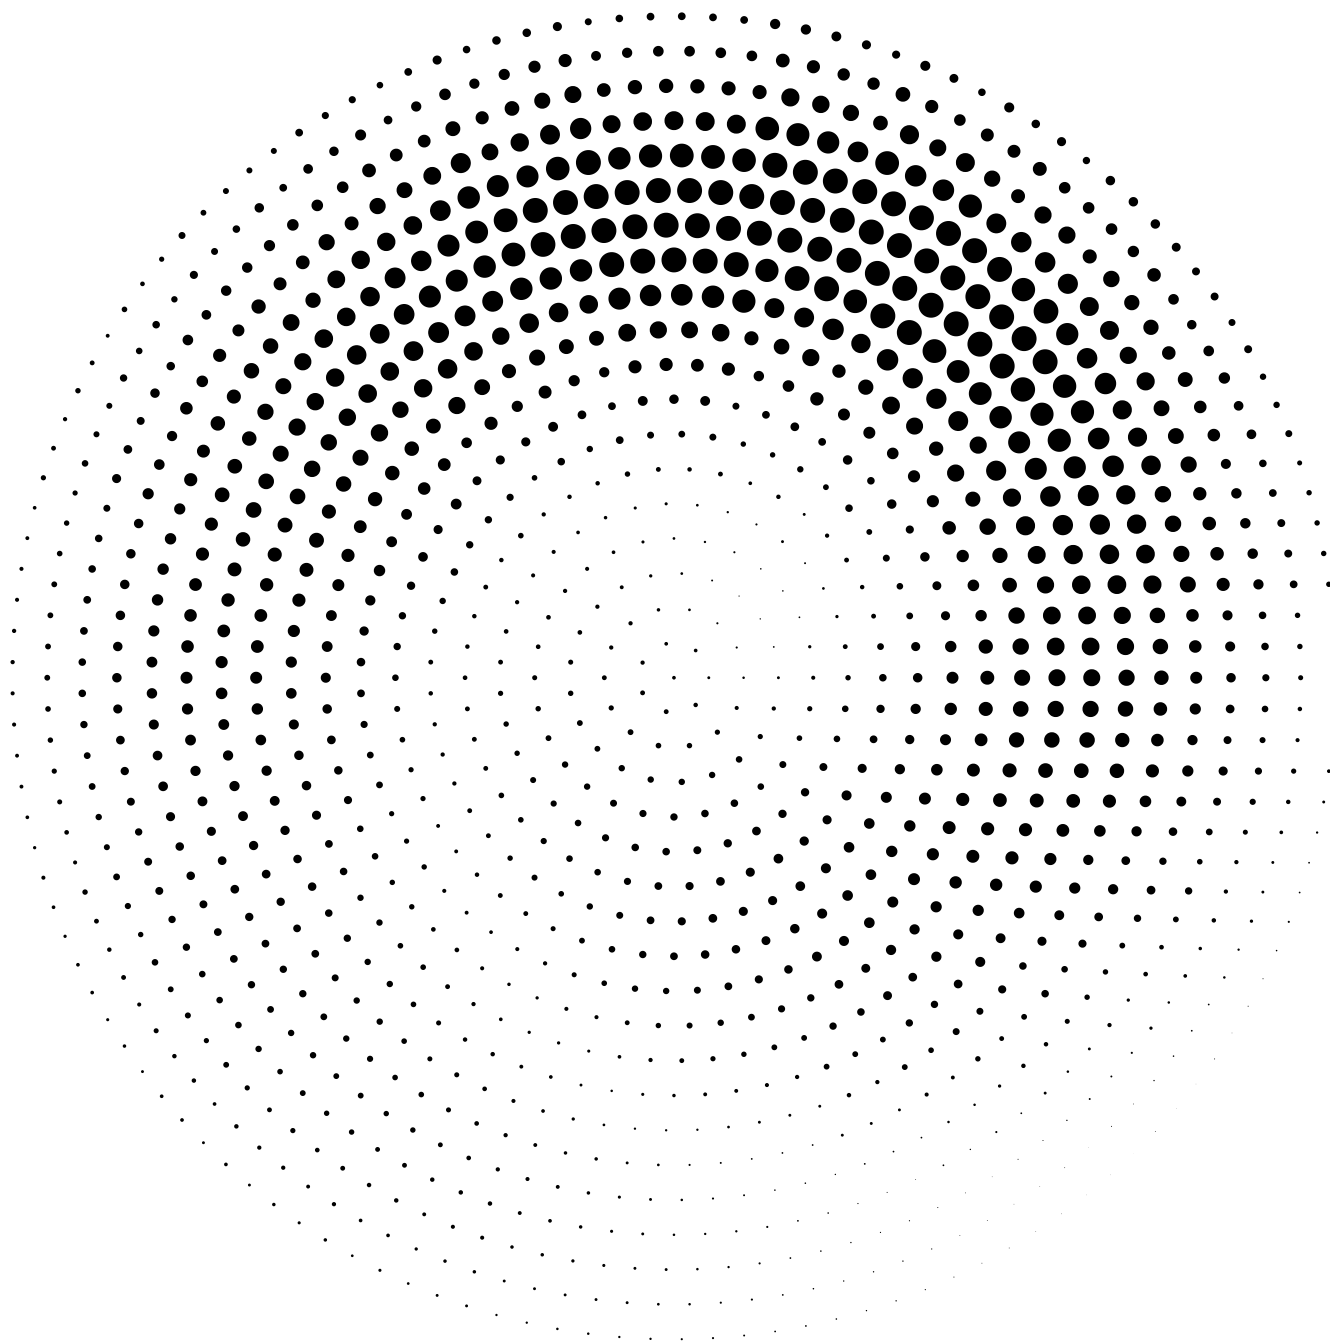

Fill this dot with lots of other dots!

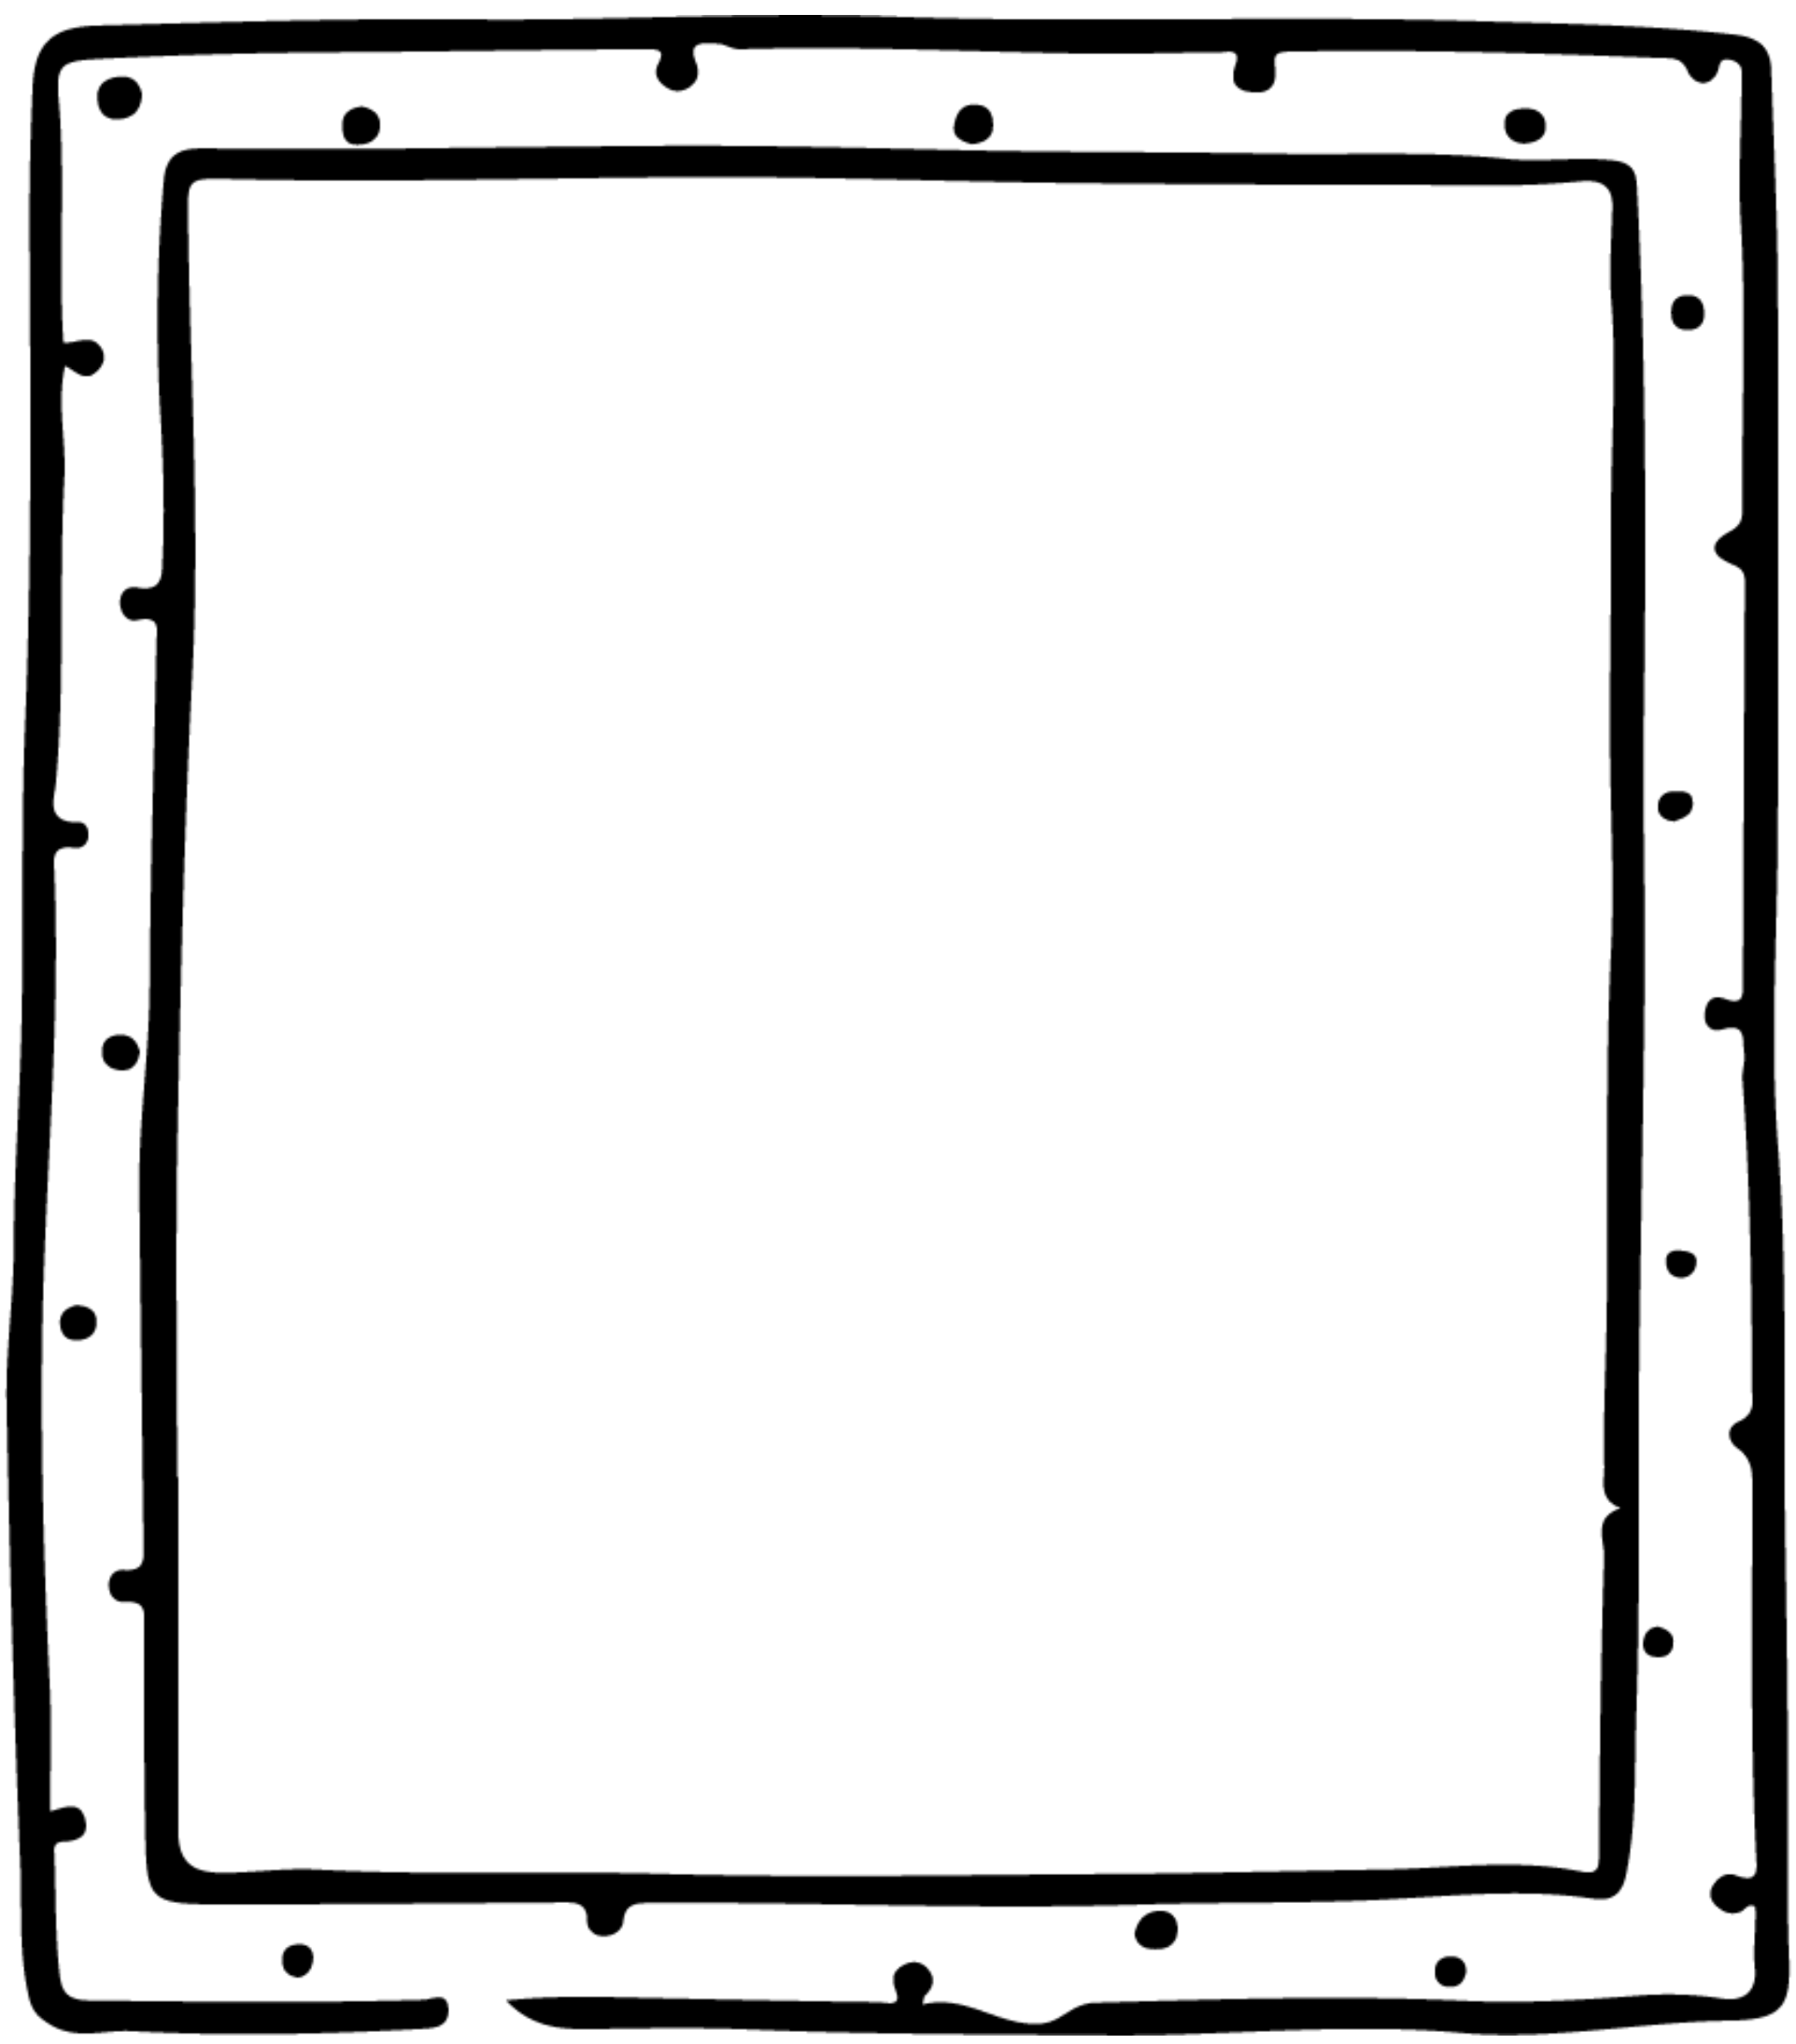

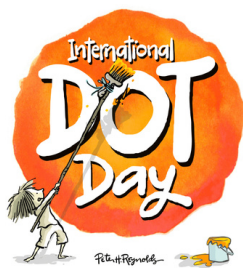

Continue the dotty pattern!

Don't forget to frame and sign your Dot!

Use this space to make your mark.
